

Exciting News about Pinebrook Park!

Good news: a **brand new** playground at Pinebrook Park is coming this spring! A committee created by the Pinebrook Master Association researched the best solution for our kids. See the drawings below to get a sneak peek.

With that, we need to remove the current, outdated playground before winter. This will happen in mid-November, so please respect the caution tape and construction vehicles in the area.

We are excited for this great update to the park and will share more soon.
